Dear Parents and Carers,

Please can we remind you that it is prohibited to upload class photos to social networking sites.

It has been brought to our attention that some parents are scanning class photos or uploading and sharing photos of children other than their own on the internet. Please do not share photographs of this nature unless you have the permission of the parent/guardian of every identifiable child in the photo, including those in the background. Many of the parents at our school have asked for their child's photo to be kept out of local newspapers and off of our school website. Sometimes these requests are made due to serious child protection issues. In addition, the teachers and teaching assistants in the class photos do not wish to be posted on Facebook/any other social media site profiles belonging to others.

We therefore ask you to remove any shared/posted photos of children other than your own, unless you have gained permission to share them on the web.

Many thanks for your support.

Claire Welford

Computing Coordinator and E safety Lead.
