

Year 2 Home Learning Foundation Subjects Wk Beg: 18.01.2021

Here are some ideas of ways you can support your child at home. These activities follow our Year 2 Curriculum.

Science

Following our work on seeds and bulbs look at the **odd one out** below- chittlings, conker, bulb, sunflower seed. Go over the vocabulary and ask your child to think about which is the odd one out and why. There is no right or wrong answer. After discussion write a 'because' answer in your home learning book or below the picture.

Ask your child if you are alive. How do they know? What do you do that shows you are alive? Write the ideas down e.g. grow, talk, eat, drink, move, reproduce, etc. Now show child a pot plant and ask them if they can think of anything that the plant does that is similar to what you/they do, e.g. grow, reproduce (seeds). Can children think of other things/organisms that are alive, e.g. pets, trees, minibeasts of various kinds, etc.? Write a list & discuss how we know they are alive. Watch

<http://www.bbc.co.uk/guides/zs73r82&zpwf34j> if possible.

Complete activity 1

Discuss the things that living organisms need to stay alive & healthy, e.g. food, water, shelter, sleep, exercise, etc. Point out that some animals need to be in water to survive, e.g. fish (though they can survive outside water for a little while), but many animals cannot survive under water for very long, e.g. humans who have to surface to breathe air or need to be using a scuba diving tank! Do plants need the same things as animals? Plants need light and air to survive but they also need water and some nutrients from the soil.

Complete activity 2 by writing key ideas around the pictures.

Geography

To link with cultural week read through the **Egypt pdf** alongside watching the mp4 which is a combination of videos relating to modern day Egypt.

In your home learning book create an information page about what you now know about modern day Egypt. Discuss with your child how Egypt is similar and different to England.

Art

Islamic art – follow the **pdf** looking at the patterns and designs used in Egyptian art. Have fun using these to create your own **prayer mat** below.

<p>Computing</p> 	<p>Hieroglyphic writing – as part of our cultural week on Egypt log into purple mash and go to your 2Do's. Watch the video link before writing your name in hieroglyphics using the attached code.</p> <p>You could use Writing in Hieroglyphs - The Children's University of Manchester for fun.</p> <p>Bubbles – improve your coding skills by doing this 2do. Remember to watch the videos so you can complete the tasks.</p>
<p>PE</p> 	<p>Just go for a walk, run, bike ride. If you want to stay in these are worth a look.</p> <p>GoNoodle</p> <p>Free Kids Exercise and Dance Videos Jump Start Jonny - Future Playmakers - YouTube</p> <p>(31) The Body Coach TV - YouTube Joe Wickes</p>
<p>RE/PHSE</p> 	<p>The biggest Muslim religious celebration is Ramadan and Eid al Fitr. Read through the pdf document with your child and complete the acts of kindness sheet attached.</p>
<p>Please don't forget to record any evidence in your child's Home Learning Evidence Book e.g. photographs, written work remembering punctuation, drawings, grids, notes from your discussions, etc.</p> <p>Thank You.</p>	

Which is the odd one out? Can you give a reason?

Activity 1

How do I know that I am alive?

I can say three (or more) things that show I am alive.

Activity 2

I can say what plants and animals need to stay alive.

Design Your Own Prayer Mat

Include symbols or things that are important to you. Often mats will include geometric shapes. Remember that a prayer mat is a very important part of many peoples' religions so your design should be respectful.

Muslim Festivals

'Helping others and doing good deeds is an important part of Ramadan. Sometimes, this means giving money to charities or people that need help. It can also mean being kind, giving your time and sharing what you have.'

What kind deeds could you do for your family and friends? Write and draw your ideas here:-
